Fuels

In catering & buffet service it is important to keep food at the proper serving temperature to ensure guest satisfaction, and Hollowick chafing fuels and butane accessories provide that solution. Offered in both liquid and gel, the chafing fuels are available in a variety of heat levels, wick design, and burn times to suit any application. From the twin-wick design of Easy Heat® to the Green Certified Ethanol Gel fuel, Hollowick chafing fuels paired with butane accessories provide foodservice professionals with the heating tools they need.

The only choice for chafing fuel & heating

- Liquid chafing fuel at different performance levels
- Ethanol & methanol gel chafing fuel
- Safe-to-handle liquid fuel canisters
- Butane fuel canisters for stoves & torches
- Professional chefs stove & cover with high performance BTU output

HOLLOWICK

Maximizing heat performance

Hollowick

Butane Fuel, Stoves & Accessories ☆☆☆☆

Great tools for the professional chef

Butane stoves, fuel and accessories are ideal for cooking, catering, and buffet presentations. Hollowick's professional chef torches paired with butane canisters provide high performance heat to create the perfectly crisp crème brûlée, and the butane stoves are convenient and portable to use in foodservice while being cord-free. Dress up your buffet service station with an attractive stainless steel stove cover, which provides proper ventilation, safe no-slip feet, removable grate for easy cleaning and protection from the heating element. Great for both indoor & outdoor use, the butane stoves include a wind guard and protective carrying case for the operator's convenience.

Hollowick

Liquid Chafing Fuel ☆☆☆☆

Easy Heat®

Maximum heat performance

The proper placement of any chafing fuel source is critically important to have maximum heat performance. With Hollowick Easy Heat® Chafing Fuels, the wick is adjustable to accommodate different temperature levels and the can stays cool for easy handling. Simply adjust the wick to change the heat output between standard, low and high, then place on the fuel holder or table beneath to properly heat the chafing dish.

Easy Heat®

Consistent flame & adjustable heat

Easy Heat® liquid chafing fuels are the go-to choice for buffet service. With a consistent flame for even heat, the wicks are located outside the canister keeping the flame position the same as it burns and the can cool so servers can easily handle during service. The wicks are also easily adjustable to provide different levels of heat to suit operator needs. Comprised of Diethylene Glycol, Hollowick's Easy Heat® fuels are non-flammable and enclosed in a sealed canister to prevent spill accidents and reuse on separate occasions.
