

**HOLLOWICK**<sup>®</sup>  
INC.

**steelite**  
INTERNATIONAL

THE ART OF PRESENTATION

Steelite International is the leading designer, manufacturer, and supplier of award-winning tabletop and buffet products for the global hospitality industry. With the addition of Hollowick, we have expanded our offering to provide top quality lighting and food warming solutions that are designed & created in the USA. Enclosed you will find a wide variety of lighting solutions including no-mess liquid candles, style-forward candle holders, food heating products, and so much more. Alongside Steelite International, Hollowick will create an ambience for the table that is unforgettable.

### *the #steeliteexperience*

Customer satisfaction requires dedication, commitment and a passion to achieve levels of excellence far exceeding expectation. As a prominent manufacturer of tabletop lighting and food warming products for the commercial foodservice industry, Hollowick prides themselves on innovative products and providing top notch customer service in meeting tabletop & banqueting needs.

### *showrooms*

Steelite Showrooms & Experience Centers provide the perfect opportunity to explore our vast portfolio of tabletop & buffet products, and our knowledgeable sales team will offer a solution for any hotel or restaurant concept. We are proud to have showrooms in these locations:

- Atlanta, Georgia

**6404R-4** Ruby Lustre  
**6404SL-4** Satin Linen

**Lustre**  
Brilliance with a splash of iridescent color.

**Satin**  
A translucent surface that emits a warm soft glow.

**Jewel**  
A dazzling display achieved by applying an ice finish on the inside of the lamp.

**Ice**  
A sparkling durable finish created by fusing bits of glass to the lamp surface. Resists fingerprints.

**Ruby Gold**  
A celestial haze of ruby washed over an inner sheen of metallic gold in a classic curve of light.

**Satin Linen**  
Provides a warm subtle glow. This innovative technique won't stain like other satin and etched finishes.

**Antique Gold**  
The dramatic textural Antique Gold decorated finish is warm and inviting. Each hand-applied finish will have a unique textured look.

**Antique Black**  
The ethereal Antique Black finish is dark and mysterious, yet elegant. Each hand-applied finish will have a unique texture.

**Marbled**  
The bold Marble finish is applied using a special decorating process resulting in a unique vibrant contrasting pattern.

**Midnight Amber**  
A satiny dark chocolate ocean accepts a soothing sunset of candlelight. The Midnight Amber treatment brings calmness and warmth.

**Amber Art**  
Each Amber Art treatment has a unique flow of colors, clouds and light. Every lamp is a distinct masterpiece that brings beauty and tranquility.

## *care & use of hollowick lamps*

### *globes*

Keep Hollowick globes sparkling clean by regularly handwashing them with warm water and mild detergent. Note: Commercial dishwashing detergents may spot or dull fired-on colors.

### *bases/lamps*

Hollowick lamp bases are coated with finishes that protect and enhance the beauty of the lamps. Metal and wood bases should be cleaned with a spray furniture wax. This leaves a protective shine and allows for easy cleaning in the future. Resin and glass bases should be cleaned with a damp cloth and mild detergent.

### ***note:***

Do NOT put any Hollowick lamp, base or globe in a dishwasher.

### ***breakage due to thermal shock***

Breakage and cracking are commonly experienced when traditional wax tealights and votives are used in glass table lamps; especially with thicker glass lamps and globes. For this reason, Hollowick Lamps are not recommended for use with wax tealights and votives. The use of the proper Hollowick Liquid Candle will resolve this issue.

# CANDLES

From disposable liquid candles to solid wax candles, Hollowick will set the mood for your table. Paired with a Hollowick lamp, the liquid candles provide candlelight without the melted wax mess, and are offered in a variety of sizes to accommodate burn time and level of light. Each liquid candle is nonhazardous & disposable, making a convenient option for operators to simply remove & replace. Hollowick solid wax candles are a traditional favorite, and have the finest quality & reliability in foodservice.

***significant advancements designed & created at Hollowick***

- Refillable liquid candle systems
- Disposable liquid candles
- Highlight liquid candles
- Liquid tealight & votive candles

HOLLOWICK  
***made in the usa***

HOLLOWICK *liquid candles*

*candlelight without the melted wax mess*

Liquid candles from Hollowick are the ideal choice for lighting up the tabletop. These liquid fuel cells burn cleaner than solid wax candles and are disposable, making clean up quick and easy without the melted wax mess. Available in a variety of sizes, a strategically chosen liquid candle will sit low inside a table lamp in order to illuminate the colors or beauty of the lamp itself. With a burn time that is twice that of a standard tealight, Liquid Candles from Hollowick are staple for those restaurants & hotels looking for the elegance of live flame.

*proper use of liquid candles*

In order to illuminate the colors and beauty of a lamp, select a liquid candle that sits low within the lamp, and does not touch the sides.

# FLAMELESS LIGHTING

Flameless lighting is a great alternative for venues that restrict open flame. Designed with the look & feel of a real candle, the flameless systems from Hollowick provide a long term cost-saving solution while offering a rechargeable warm light that will set the mood for any space. With a wide selection of systems to suit any budget, these rechargeable units include features from steady and flickering light to remote control operation and wireless charging. With up to 26 hours of run time on one charge, Hollowick has the most advanced rechargeable candle system in the world.

***The Nexis® System is designed with the end user in mind***

- Great looking flame tip design
- Authentic candlelight LED color
- Magnetic or tray pins for easy recharge
- Various tealight & votive sizes

HOLLOWICK

***groundbreaking commercial light systems***

*wireless, no hassle lighting*

Set the mood for any vintage-inspired tabletop with the warm amber light from Hollowick's LED Edison Bulb. These wireless bulbs provide a safe & stylish lighting alternative to live flame and offer the iconic Edison bulb look that many desire. Its convenient magnetic base allows a unique opportunity for hanging applications, whether that's under a shelf or along a table side wall; the creativity is as vast as your imagination! Offering 18-20 hours of steady or flickering light, the Edison Bulbs can be recharged overnight and ready to go for the next shift.

*flameless tealight that fits any size hollowick lamp*

Nexis<sup>®</sup> LED Candle System by Hollowick is the most advanced rechargeable candle system in the world. Careful attention was paid to function, performance and ergonomics to set this ground breaking commercial lighting system apart from the rest. Features like an easy-to-grab, realistic flexible flame tip, a beveled top for greater illumination, options of steady or flickering light, and IP44 certification for water resistance make this product a go-to choice for foodservice operators. All the while pairing up with a wireless, magnetic charging tray that holds up to 40 candles and offers a 26-hour average run time, this flameless system is top of the line.

HOLLOWICK *platinum+*

*flameless light with natural flicker*

Available in both candlelight and amber LED color, the Platinum+ Flameless Series leads the market in Nickel Metal Hydride (NiMH) commercial rechargeable systems. The subtle flicker light will provide 18 hours of candlelight from a 10-hour charge, and a linking pin charging system allows operators to connect up to 4 power trays together. Certified by the Green Restaurant Association, Platinum+ is environmentally friendly and a great alternative to live flame.

Platinum+ series charging trays are designed to be wall-mounted, preserving valuable counter space. Up to four trays may be linked, allowing up to 48 candles to be charged per power supply.

**commercial grade performance**

Set the mood with battery powered tealights & pillar candles from Hollowick. With an elegant flame design and a realistic flame color, these candles feature LED lighting and offer commercial grade performance and durability. The tealights last 80+ hours and are conveniently packed in retail-ready packages of six. While the pillar candles are made of real, unscented wax to provide the look of a burning candle without the melted wax mess. Each pillar will last for 600+ hours on two alkaline C batteries, and operates off a remote control that provides a high light setting and the ability to set a default timer to run automatically for 6, 8, or 10 hours at a time.

# FUELS

In catering & buffet service it is important to keep food at the proper serving temperature to ensure guest satisfaction, and Hollowick chafing fuels and butane accessories provide that solution. Offered in both liquid and gel, the chafing fuels are available in a variety of heat levels, wick design, and burn times to suit any application. From the twin-wick design of Easy Heat® to the Green Certified Ethanol Gel fuel, Hollowick chafing fuels paired with butane accessories provide foodservice professionals with the heating tools they need.

## *the only choice for chafing fuel & heating*

- Liquid chafing fuel at different performance levels
- Ethanol & methanol gel chafing fuel
- Safe-to-handle liquid fuel canisters
- Butane fuel canisters for stoves & torches
- Professional chefs stove & cover with high performance BTU output

HOLLOWICK

*maximizing heat performance*

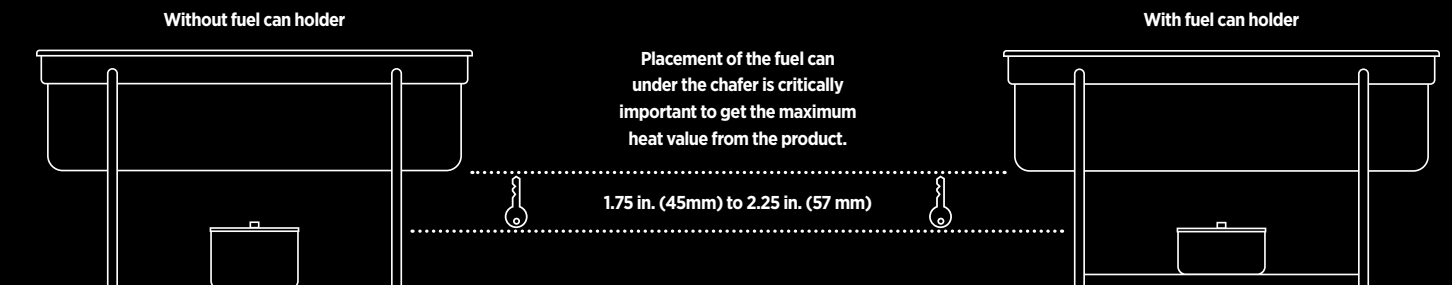

HOLLOWICK *easy heat*®

*maximum heat performance*

The proper placement of any chafing fuel source is critically important to have maximum heat performance. With Hollowick Easy Heat® Chafing Fuels, the wick is adjustable to accommodate different temperature levels and the can stays cool for easy handling. Simply adjust the wick to change the heat output between standard, low and high, then place on the fuel holder or table beneath to properly heat the chafing dish.

*consistent flame & adjustable heat*

Easy Heat® liquid chafing fuels are the go-to choice for buffet service. With a consistent flame for even heat, the wicks are located outside the canister keeping the flame position the same as it burns and the can cool so servers can easily handle during service. The wicks are also easily adjustable to provide different levels of heat to suit operator needs. Comprised of Diethylene Glycol, Hollowick's Easy Heat® fuels are non-flammable and enclosed in a sealed canister to prevent spill accidents and reuse on separate occasions.

***extended burn time, 100% recyclable canister***

Gain at least 30 minutes of extra burn time with Hollowick's gel heat chafing fuels. Available in 2 options, these pop top canisters work well with chafers & hot boxes and provide a hot flame for maximum heat retention. Derived from corn, the eco-friendly ethanol Green Gel Heat is certified by the Green Restaurant Association and provides a consistent, reliable high heat output. While the Blue Gel Heat is a methanol fuel that produces a hot blue flame ensuring minimal soot & residue. Each gel canister features an extended burn time and is 100% recyclable.

\*Methanol Gel prohibited in PA

*great tools for the professional chef*

Butane stoves, fuel and accessories are ideal for cooking, catering, and buffet presentations. Hollowick's professional chef torches paired with butane canisters provide high performance heat to create the perfectly crisp crème brûlée, and the butane stoves are convenient and portable to use in foodservice while being cord-free. Dress up your buffet service station with an attractive stainless steel stove cover, which provides proper ventilation, safe no-slip feet, removable grate for easy cleaning and protection from the heating element. Great for both indoor & outdoor use, the butane stoves include a wind guard and protective carrying case for the operator's convenience.
