NEW FOR 2023

Discover the most delectable soft shade of
flavor—Shallot by Le Creuset. Arriving April 18th.

A COLORFUL RANGE

For more than 90 years, Le Creuset has been a leader in bold, rich color—and an innovator in the most sought-after hues. With a breadth of colorful cookware, Le Creuset demonstrates its mastery of the spectrum across a range of finishes, lusters and materials.

ARTICHAUT

A soulful green with a vibrant heart, Artichaut is inspired by a vegetable so artful, its leaves are a mosaic waiting to flower. Revered in the kitchen, a verdant beauty from farm to table.

DEEP TEAL

A cool, luminous jewel tone, Deep Teal flirts with blue, with sensuous hints of green. Complementing darker palettes, contrasting lighter ones or basking in its own beauty.

LICORICE

There's a reason black never goes out of style. Licorice is our deepest matte version yet, sweetened with just a glimmer of sheen. It's day-to-night sophistication goes with everything and always looks amazing.

MERINGUE

Inspired by the French classic confection, beloved universally for its sweet simplicity. Meringue is a serene ivory, perfect to layer with soft tones or as a go-with-everything neutral.

CERISE

Inspired by the sensuality of hand-picked cherries, Cerise is as essential as red lipstick, as classic as a red rose, as luscious as a ripe tomato. Cerise adds depth to other fiery tones, speaking directly to a chef's heart.

NEW

SHALLOT

A hue so gentle, so refined, Shallot enhances anything it touches with grace, glamour and gloss. This whisper of color sweetens the air with a subtle, modern edge.

OYSTER

A lustrous mix of gray and brown with a seductive glint of purple. The mesmerizing iridescence of Oyster adds a luxurious touch, wherever it is placed, whatever treasure it holds.

WHITE

A beacon of pure light, White is the kitchen's chameleon—the brightest point on the color spectrum. A color that needs no introduction, yet perfectly presents all others.

MARSEILLE

Our most romantic blue of all. Inspired by France's oldest city, Marseille celebrates the finest of coastal cool. The vibrant sailor blues, deep to delicate in tone, evoke the colors of the Mediterranean and are perfect for any culinary delight you crave.

FLAME

Introduced in 1925, Flame is Le Creuset's trademark hue. As eternal as its name, it is our most iconic color of all. Aptly known as Volcanique in France, it is a glowing, confident orange ready to fire up your kitchen and appetite.

CARIBBEAN

A beach holiday in a stroke of blue, Caribbean is a sun-bleached splash of turquoise waters. Let it sing with other blues or join a chorus of joyful colors.

SEA SALT

A serenely beautiful tone inspired by the sea's most treasured mineral, Sea Salt is an elemental pinch of flavor ready to enrich any décor and enhance any taste with nuanced subtlety and style.

ENAMELED CAST IRON

As the world's first colorful cookware, Le Creuset enameled cast iron has been the visionary color and quality benchmark for almost a century—an essential tool for master chefs and home cooks alike. Individually crafted by French artisans from the finest quality materials since 1925, the iconic cookware is beloved for its perfected design and exceptional heat retention that produces superior results from stove to oven to table.
