## ABOUT MODULAR COLLECTION

Mogogo's flagship collection, the Modular System, allows you to use the same components in various ways to create endless configurations. Our Modular System contains the Classic and Creative Ranges, supported by a large variety of add-ons.

Our Classic Range consists of basic units and shelves that fit each other seamlessly, functioning as building blocks to the Modular System. It is characterized by a sleek linear design, adaptable to both traditional and more modern look.

The Creative Range is composed of curved and straight units which fits seamlessly together. The Creative system is patented and offers unique features based on our vast experience in large food service operations.

Mogogo's F&B stations are carefully designed, maintaining a delicate balance between functionality, durability, and mobility; all in perfect symbiosis with high design standards, providing an ideal solution for the hospitality industry.

## MATERIALS

Joining our Bamboo **(1)** collection is our innovative BHP material. BHP is a newly composed material that arrived after two years of intense R&D. It merges layers of High-Pressure Laminate with a Vertical Bamboo core (Mogogo's expertise) creating a lighter yet durable panel that offers new textures and colors. This new material combines the advantages of both bamboo and HPL, perfect for the ever-changing needs of the hospitality industry. BHP is available in a variety of finishes that resemble natural materials such as Grey Slate, Nero Marquina Marble, and Bengali Mango Wood **(2-4)**, making it easy to match with any event and decor. The innovative bamboo core of the BHP goes in line with Mogogo's sustainability motto while the HPL's outer coating is durable for different environments, hygienic and easy to clean.

Modular segments come in 2 finishes:  
brushed stainless steel **(5)** and brushed brass **(6)**.

Easily cover up parts of your buffet stations with our original quick covers **(7)**. Both durable and easy to clean, they come in 4 different color options allowing you to easily match any of your event color schemes.

For that extra outdoor feel, add a canopy **(8)** to your buffet station, made from a sturdy Cordura fabric known for its resistance to abrasions, tears, and scuffs.

# MATERIAL GUIDE

Customize your Modular Stations by choosing from the different colors and finishes available.  
Simply choose your preferred design combination by inserting the corresponding letter to its designated space as demonstrated below.

## HOW IT WORKS

The Mogogo Modular System is based on parts, which can be combined to create endless configurations. These individual components sit at the core of the Mogogo Modular System. They are utilized as the base for creating Action Stations, Buffet Stations, Bar Stations, and more when combined with add-ons, to offer the perfect customized touch for all of your hospitality needs.

All Stations have essential elements: tabletops, mid-part segments, and leg segments (permanent or mobile casters). You can choose your add-ons: different shelves, signposts, quick covers, arches, etc., for the ultimate customization.

What is unique about the modular System is the freedom of building any F&B station you wish from the same parts. Start with a Basic Station and add shelves: it makes for the ideal Breakfast Station. Add a different tabletop and covers; it becomes an elegant Bar Station. All this is done with one Allen ranch in a matter of minutes.

## LIVE & ACTION STATIONS

Guests' fascination with chefs, food preparation, and presentation around the action station continues to grow and evolve in events today - it's a great way to add some spice and surprise to your culinary landscape.

Mogogo's Action Stations are designed to enhance the interactive experience of your guests through elegant design, while providing chefs and F&B professionals all the functional elements they are looking for. From an omelet station to a make-it-your-own dish station, Mogogo Action Stations are extremely modular; our ever-expanding line of add-ons and a wide range of tabletops deliver functionality and authenticity.

Cooking in front of the guest entices all their senses - and we believe beautifully crafted furniture is part of the experience.

(shown with optional Large Oval high display shelf and Small Oval low display shelf)

## BUFFET STATIONS

As a fundamental functional element to any F&B operation, we believe Buffet Stations no longer need to be hidden under linens nor lifted by the staff.

Mogogo takes an innovative and sustainable approach to Buffet Stations by introducing new designs and functionality for linenless F&B Furniture, revealing beautiful clean lines.

The presentation of a station is just as important as the aesthetic of the food being served and Mogogo offers ideal solutions for Chefs to display their most exquisite dishes. From Classic to Creative, Mogogo Buffet Stations offer a wide range of display and self-service options. Above, add shelves to elevate the dining experience of your guests; below, add our Quick Covers to conceal extra storage space.

Maximize every corner of your catering space by mixing and matching our Classic Range and Creative Range to reinvent the experience of self-service in events.

L100.5" W100.5" H47.5"

## BARS & BACK BARS

Redefine guests' expectations in any F&B operation by elevating their beverage standards. From classic wine bars to mixology & curated cocktails - Bar & Back Bars across your venue are an opportunity to make a statement.

Mogogo's Bar & Back Bars section features highly adaptable configurations which can be used in a wide range of event types and sizes. Easily transportable from one venue to other thanks to their heavy-duty casters, Mogogo Bar & Back Bars combine sleek design and high functionality.

Customize your Bar with our versatile Add-Ons and quickly conceal bottom shelves for additional storage with our Quick-Covers. For guests or bartenders, everything in F&B is about the experience. Mogogo Bar & Back Bars delivers on the promise of innovative functional design.

## PRO BAR & BACK BAR STATIONS

The Pro Bar is equipped with a stainless steel working surface, ice bin and speed-rail. Combined with a Mogogo back bar, it's a bartender's dream.

## **SALAD BAR UNIT**

Perfect for chilling salad bowls, seafood, or a variety of beverages.

(shown with optional Charcoal-Black quick covers)

The double wall structure combines durability and great heat isolation.

Behind the spring loaded stainless steel door is a quick disconnect fitting to attach drain hose.

# TRANSFER & STORAGE CARTS

Designed for convenience and mobility, Mogogo's utility carts are an integral part of the Modular system as they make storing and assembling the stations an easy task. Whether it is to push them through the halls, or get in and out of elevators, they make the behind the scenes of your time-sensitive events easier and give you an extra push on productivity. The carts can store up to five large Classic units or four large Creative units while the orange vinyl coated areas ensure comprehensive tabletop protection.

## SYSTEM BREAKDOWN

Mogogo's Modular System is based on a wide range of individual parts, which can be stacked up & assembled to design a variety of stations.

Our Modular System stems from the simple idea that your F&B Furniture should adapt to your ever-varying needs during different event sizes, types, and themes. It allows you to pick and choose basic elements such as tabletops, leg segments, casters, shelves, and other add-ons.

Endless vertical and horizontal possibilities exist while choosing between our functional tabletops: from classic to cooking, warming and bar tabletops, or picking your material and finishes of choice. Mogogo's Modular System gifts you an ocean of possibilities.

PRO ICE BIN

The **Mogogo Pro Ice Bin** is the perfect all-purpose buffet cooling solution.

This ice bin combines **functionality and aesthetics** with many uses, including a chilled buffet or drinks station.

\*Shown with optional side trays - item MGSTRYBP0101

Behind the spring loaded stainless steel door is a quick disconnect fitting to attached a drain hose (included).

The double wall rotational moulded construction combines durability and great heat isolation.

## ABOUT THE CANVAS COLLECTION

The Canvas Collection is an innovative shelving system for the hospitality sector, acting as a blank page allowing professionals to accomplish their creative vision. The collection is ideal as a back bar or for showcasing food and beverages and related products.

It combines function with uncluttered aesthetics to create this versatile range of shelving, taking into consideration the unique and challenging requirements of foodservice.

## MATERIALS

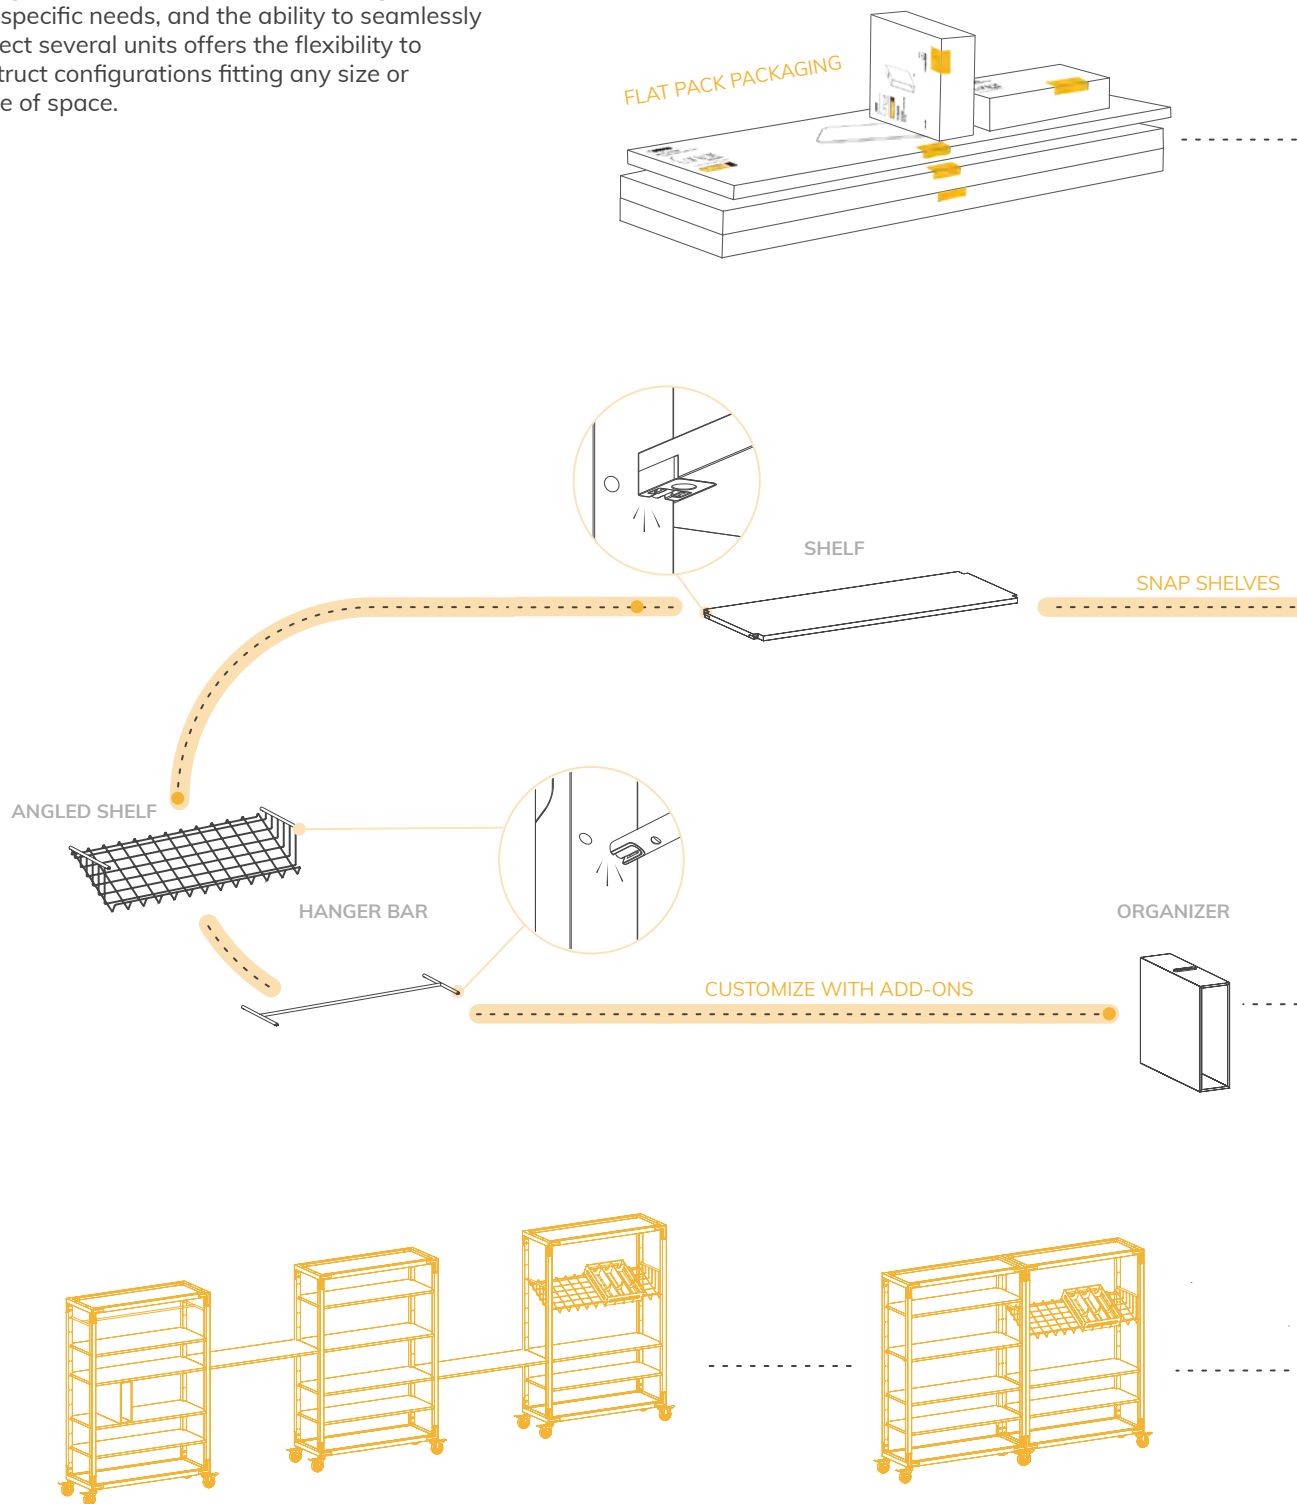

The usage of ecological materials is part of a global movement that aims to convey the message that luxury and sustainability go together. The bamboo frame is lightweight and highly structural, joined by decorative metal features to create a fine balance between traditional woodcraft and modern design.

Natural horizontal bamboo | Sandblasted Stainless Steel. NATURAL

Dark brown stained bamboo | Sandblasted Copper-plated Stainless Steel. DARK LUX

## HOW IT WORKS

Starting with an unfilled Canvas structure then adding selected fixtures, allows creating stations with specific needs, and the ability to seamlessly connect several units offers the flexibility to construct configurations fitting any size or shape of space.

## SINGLE UNIT - MIXED ADD-ONS

Mixing and matching is as simple as ever, and while installing the add-ons is user-friendly, the outcome is sophisticated and versatile. The shelf selection and designated add-ons are intended to offer you the freedom of expression when presenting food and beverage or your decoration of choice.

**ROOM DIVIDER** MGCCAN08DCXW

## ROOM DIVIDER

This Room Divider creates a sophisticated atmosphere and lining up multiple units can create division and a seamless appearance to any space. The shelf rail allows the dividers to be moved easily while in place to achieve a customized solution for your specific needs.

GRAB AND GO SIGNAGE UNIT MGCCAN03NSXW

## SINGLE UNIT - CRATES AND MORE

This group of configurations is defined by the crates they hold, allowing the operator to store and display most anything they wish. Combined with shelving and signage, they can perform many functions in a variety of locations while offering versatility and beauty.

#### ANGLED SHELF UNIT

The wooden display crates with fresh vegetables, breads, combined with the olive oil bottles, bags of flour and other quality ingredients, are sure to tell your guest that a wonderful dish is on the way. Ultimately, completing the sensory experience that is so essential in hospitality!

## MULTI UNIT CONFIGURATIONS

If your space allows the use of several units, the addition of the unit connectors, straight shelves and corner shelves, is a cost effective way to add additional display space.

In addition, it creates straight or angled structures that act as living walls, allowing you to express your artistic talents.

### CENTER STAGE DISPLAY

Whether you're trying to make a statement in the middle of your room or wanting to utilize the space around that awkward pillar, this station will do both. The ability to connect the Canvas shelving units with the corner shelf connectors adds a dimension the traditional buffet furniture lacks and the results can be functional and stunning.

## SYSTEM BREAKDOWN

Starting with a blank rectangular structure (on casters or legs) acting as an empty page that awaits your ideas and needs to be explored. Our Canvas Shelving System was born from the basic idea that your F&B Furniture should adapt to your ever-varying needs during different functions. It allows you to pick and choose basic elements such as shelves with or without borders, hanging bars, signs, organizers, and more.

CART WITH SHELF AND SIGN MGCCNT03DSXX

STANDARD CART MGSCNT04DSXX

## ABOUT THE CANTINE COLLECTION

Mogogo's cover version of the archetype iconic market cart. Those carts have existed for centuries for goods transportation and for merchandise displaying at markets around the world. Mogogo revives this concept, by updating the design and materials while respecting the past.

## MATERIALS

Bent bamboo beams are the core of the Cantine Cart, giving the construction strength in a streamlined style. The lightweight bamboo structure is durable, and with additional decorative metal elements it creates a fine tension between a traditional look and advanced design. The cart arrives in dark brown stained bamboo finish, with optional Copper metalwork Steel or black plated wheels.

# HOW IT WORKS

All components of the basic cart fit in the main crate, making it affordable to ship and fun to receive. Additionally, adds-ons enhance the cart into several concepts which can literally fit anywhere. The airless 26" wheels will perform on most terrain, making this cart a perfect companion for transit.

## ABOUT POLO COLLECTION

Mogogo's PoLo Tables are lightweight and extremely versatile, designed using our unique Modular System.

Available in Round, Square, or Oval Tabletop shapes, they offer a wide variety of combinations.

This approach allows for the same coffee table to be effortlessly transformed into a bistro or bar table and then into a champagne or dessert station in no time. It provides you with flexibility while also retaining simplicity and style.

## MATERIALS

Joining our Bamboo **(1)\*** collection is our new innovative BHP material. BHP is a newly composed material that arrived after two years of intense R&D. It merges layers of High-Pressure Laminate with a Vertical Bamboo core (Mogogo's expertise) creating a lighter yet durable panel that offers new textures and colors. This new material combines the advantages of both bamboo and HPL, perfect for the ever-changing needs of the hospitality industry. Available in a variety of finishes that resemble natural materials such as Nero Marquina Marble, Bengali Mango Wood, and Grey Slate, **(2-4)**, making it easy to match with any event and decor.

The innovative bamboo core of the BHP goes in line with Mogogo's sustainability motto while the HPL's outer coating is durable for different environments, hygienic, and easy to clean.

PoLo segments come in 2 finishes: brushed stainless steel **(5)** and brushed brass **(6)**.

---

\* High-Density Bamboo finish only available in North America

## HOW IT WORKS

Mogogo's PoLo Tables' industrial design is based on the Modular System. Delivered to you in flat packaging, it is easy and fast to assemble and disassemble. Composed of the same individual components (tabletops, leg segments, and mid-part segments) it gives you the flexibility to transform the same coffee table into a bistro table, a bar table, or a display table.

PoLo's cross base and adjustable legs give it stability and the flexibility to adapt your table to any terrain. The clean one pole design makes this table blend easily into any design scheme and event space.

Highly versatile while offering durability and functionality, PoLo Tables enable you to use your creativity. Play with heights, tabletop shapes (round, square, or oval), different finishes, and add shelving layers as needed for additional display.

# TRANSFER & STORAGE CARTS

Mogogo's utility carts are designed for your convenience and mobility and are an integral part of the PoLo system as they make storing and assembling the tables easy. Whether it is to pull out the tabletops, to push them through the halls, or get in and out of elevators; they make the behind the scenes of your time-sensitive events easier and give you an extra push on productivity.

## ABOUT CLIX COLLECTION

Like everything designed by Mogogo, CliX is both functional and beautiful, all while making the lives of our customers a little bit easier. CliX is inspired by the existing strengths of Mogogo's modular buffet furniture while further exploring versatility and adaptability. From these two function-defining parameters came our patent-pending quick-lock mechanism. One click to attach and one twist to detach, CliX delivers a product that is easy to assemble and store.

Available in three different heights as well as three tabletop shapes each with three different finishes, CliX is another part of our quest to produce tools for professionals that combine maximum functionality with a refined design aesthetic.

CliX Tables redefine aesthetic and functional standards in the realm of F&B catering.

## MATERIALS

CliX tops are made of our innovative BHP material. BHP is a newly composed material that arrived after two years of intense R&D. It merges layers of High-Pressure Laminate with a Vertical Bamboo core (Mogogo's expertise) creating a lighter yet durable panel that offers new textures and colors. This new material combines the advantages of both bamboo and HPL, perfect for the ever-changing needs of the hospitality industry. Available in a variety of finishes that resemble natural materials such as Grey Slate, Nero Marquina Marble, and Bengali Mango Wood **(1-3)**, CliX makes it easy to match with any event and decor.

The innovative bamboo core of the BHP goes in line with Mogogo's sustainability motto while the HPL's outer coating is durable for different environments, hygienic, and easy to clean.

CliX bases come in 2 modern chic finishes- brushed stainless steel **(4)** and brushed brass **(5)**.

## HOW IT WORKS

Our unique patent-pending quick-lock mechanism and universal base, for the CliX Tables collection, makes it easy to store, assemble, and disassemble: one click to attach and one twist to detach. With a multiplicity of tabletop/base combinations to choose from, CliX Tables provide you with an unprecedented array of display options. CliX Collection offers a variability of tabletop shapes and materials, as well as different base heights and finishes giving you the freedom to create an interesting visual landscape.

CliX Tables are an elegant design solution for any F&B operation. When you combine form and function, it just CliX.

(shown with optional Square BHP bottom shelves in a Bengali Mango Wood finish)

**H30" SQUARE TABLE** MG CCVS01 MSXX

## H30" TABLES

CliX H30 embodies the most popular height for Catering Tables.

Standard in height, but not in design: CLiX H30 instantly elevates the event atmosphere to something quite sophisticated and chic.

Available in round, square, and rectangle tabletops, CliX H30 is an essential piece for any high end or laid back catering events; adding the perfect twist that clicks.

### H30" ROUND TABLE

CliX H30" | 76cm Base with a Round BHP top.

Food displays will be at a whole other level with the Clix catering tables.

MG CCVR01 GBXX

### H30" SQUARE TABLE

CliX H30" | 76cm Base with a Square BHP top.

With these Clix tables, put together an events' buffet in just seconds.

MG CCVS01 MSXX

### **H30" RECTANGLE TABLE**

CliX H30" | 76cm Base with a Rectangle BHP top.  
Showcase delicious food on a larger and elegant CliX Table.

**H36" SQUARE TABLE** MG CCYS01 MSXX

(shown with optional Square BHP bottom shelf in a Nero Marquina Marble finish)

**H30" ROUND TABLE** MG CCVR01 GSXX

(shown with optional Round BHP bottom shelf in a Grey Slate finish)

**H36" RECTANGLE TABLE** MG CCYG01 WBXX

## H36" TABLES

CliX H36 serves as the perfect intermediate between a Bar and Dining Table height.

Created to add further vertical diversity, it is a great addition to its other catering companions.

Available in round, square, and rectangle tabletops, CliX H36 completes the vision of a diverse and surprising visual landscape for any event.

### H36" ROUND TABLE

CliX H36" | 91cm Base with a Round BHP top.  
Smoothly gather guests around CliX tables at any event.

MG CCYR01 MSXX

### H36" SQUARE TABLE

CliX H36" | 91cm Base with a Square BHP top.  
Easily mobile and light, the CliX are perfect for ever-changing events.

MG CCYS01 WBXX

### **H36" RECTANGLE TABLE**

CliX H36" | 91cm Base with a Rectangle BHP top.

This CliX rectangular shape allows for multiple food displays and options.

MG CCYG01 GSXX

**H42" SQUARE TABLE** MG CCZS01 WBXX

**H42" RECTANGLE TABLE** MG CCZG01 GSXX

**H36" ROUND TABLE** MG CCYR01 GSXX

(shown with optional Round BHP bottom shelf in a Grey Slate finish)

## H42" TABLES

CliX H42 is a high and lightweight catering table, perfect as a High-Boy Bar Table or simply used as a Display table.

Ten seconds to assemble, ten seconds to disassemble, discover a new dimension of functionality with our patent pending mechanism.

Available in round, square, and rectangle tabletops, CliX H42 will upgrade any catering space into a high-end-design social environment.

### H42" ROUND TABLE

CliX H42" | 106cm Base with a Round BHP top.

Scatter these CliX tables around the venue to present different finger foods and cocktails.

MG CCZR01 GSXX

### H42" SQUARE TABLE

(shown with optional Round BHP bottom shelf in a Nero Marquina Marble finish)

**H42" SQUARE TABLE** MG CCZS01 MBXX

(shown with optional Square BHP bottom shelf in a Nero Marquina Marble finish)

## TRANSFER & STORAGE CARTS

Mogogo's utility carts are designed for your convenience and mobility and are an integral part of the CliX system as they make storing and assembling the tables easy. Whether it is to pull out the tabletops, to push them through the halls, or get in and out of elevators, they make the behind the scenes of your time-sensitive events easier and give you an extra push on productivity.

**LARGE PLATE

## SYSTEM BREAKDOWN

Mogogo's CliX Catering Tables Collection offers endless combinations with only two basic elements at its core: Tabletop and Base.

Tabletops are available in three shapes and three different materials. Table bases are available in three heights and two stunning finishes. Bottom shelves are available in two shapes to add extra storage or display space.

Delivering on our promise of high functionality and diversity, the CliX Collection reveals a new paramount in product design for hospitality.
