tone-on-tone reactive glazes

Inspired by the performing night skies of the Aurora Borealis, the Aurora collection from Steelite is as unique as the artisan that created it. Aurora Vesuvius is achieved by using complementary glaze colors inside and outside each piece to create a tone-on-tone effect. With finishes in Burnt Emerald/Jade, Lapis/Bluestone, Amber/Sandstone, and Rose Quartz/Sandstone, Aurora Vesuvius will create a stunning presentation for any tabletop.

a stunning contrast

Aurora Revolution is all about contrasts. Each piece is carefully decorated with a Sandstone glaze interior against a darker Jade, Bluestone, or Granite exterior, to create a presentation that's both warm & vibrant. Aurora's two-tone glazes integrate perfectly with Steelite's Revolution and Vesuvius ranges, creating a unique and desirable tabletop.

a chef's ideal platform

Using reactive glazes that change in color and intensity depending on their application, Revolution glazes are specially formulated to enhance all the nuances experienced in their execution. Applied by hand using a revolving motion, the brush's path travels across each piece is evident in the fired result. The glazed surface of each piece in the range is as different and unique as the artisan that created it. This provides an ideal platform for each chef to showcase their art, no matter the cuisine style. Revolution's four colors, Sandstone, Granite, Bluestone, and Jade, blend beautifully together and amplify the quality and skill that goes into every chef's creation.

beautifully fractured linear patterns

Crackle patterns have a long and distinguished history going back many years. Crackling occurs when the glaze contracts on the surface of the clay body, causing it to fracture into beautiful linear patterns, covering the entire surface of the glazed piece. Available in Crackle Black and Crackle Grey, Ink will add texture and color to casual and contemporary food presentations, and is aesthetically compatible with both plain white and many of our craft inspired ranges.

heightened senses, amplified presentation

Urban appeals to a sharper, city aesthetic where food is still tied to the traditional values of honesty, integrity and authenticity, but requires a slightly more formal, more defined and refined presentation style. Emulating a concrete look, Smoke is a new collection of tableware that takes its inspiration from the aesthetics associated with the act of cooking. The subtle and nuanced tones of grey contrast with the darker reactive elements to mirror the effects of browning and searing, creating a connection between the food and the plate.

craft inspires individuality & eclecticism

As we continue to celebrate 10 years of Craft, we are excited to introduce the latest colorway, Apple. The growth of interest in plant-based and health-conscious menus are deserving of a bright & energetic hue like Apple. Promoting a feeling of wholesome wellbeing, this distinctly contemporary tone is great on its own or mix & match with the existing Craft colors to create an eye-catching presentation.

hand-applied glazes

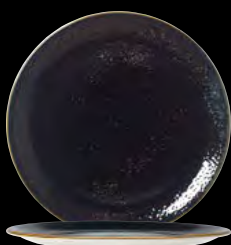

Create a memorable experience for diners with Licorice and Porcini, two striking colors within Craft tableware collection. Licorice adds drama and sophistication to the entire range and is in sync with the current trend for black tableware. Visually appealing, Porcini works well with the existing Craft colors, amplifying the rustic effect and reinvigorating an already iconic and market-trusted range. The range embodies the beauty of rich, lustrous glazes applied by hand, and celebrates chance effects and reactions which occur in the kiln.

the original craft

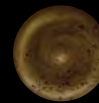

Craft is inspired by hand-crafted, simple country wares made by generations of potters over hundreds of years. The range embodies the beauty of rich, lustrous glazes applied by hand, and celebrates chance effects and reactions which occur naturally in the kiln. The gem-like glazes married to simple forms and shapes produce a unique and individual appearance, giving Craft a rustic "joie de vivre."

simple, yet sophisticated

The Nordic region has become synonymous with a chef's skill in utilizing the very best local ingredients to develop a dish, and then presenting them in a sympathetic and contemporary manner. Such an important culinary aesthetic deserves its own platform and the new Nordic range encompasses these shared design values. The simple yet sophisticated plate profile allows the chef space to present dishes that can 'breathe' while simultaneously being framed by a deep, gently curving rim. The result is a beautiful surface to showcase some of the most innovative and influential cuisine.
