Recommendations **The Steelite Experience**

**Max Ennamany** Divisional Vice President, Corporate Beverage • Landry's Inc. &  
**Rich Penny** Vice President of Culinary, Landry's Inc. • Chart House, Landry's Inc. • Annapolis, MD

"Beverage programming has never been more exciting than it is right now. Great innovation, exotic and fresh ingredients, and unique ice forms are all elements to help wow consumers. But, all can be lost if not presented in the right vessel," expressed Max Ennamany. "Steelite is a company who has kept up with those trends with their cutting-edge designs and forward thinking, fully aware of how important glassware is to the cocktail, beer, and wine industry," continued Ennamany. Rich Penny added "As big as this project was, one of the most important elements of it is our relationship that we have with Steelite, they go over and above with anything and everything we need. They bring the product to us, it's almost like they're part of our company because they know what I want, and they've always provided that for me and we're a great partnership. I would never use anyone else."

**Elizabeth Blau** CEO of Blau and Associates and Co-Owner of Crown Block & **Kim Canteenwalla** Principal & Managing Director, Blau & Associates • **Crown Block • Dallas, TX**

“At Blau and Associates, it’s really our responsibility to understand and be ahead of trends and the direction of where our industry is going. Steelite is a great partner in making sure everything that we are doing is on the cutting edge,” expressed Elizabeth Blau. “Steelite has been an incredible partner since I started in the restaurant industry. Their flexibility and customization allow us to truly exhibit our creativity. Steelite is a one-stop solution for us,” continued Blau. Chef Kim Canteenwalla added, “Working with Steelite has always been a pleasure and an honor to do. They’re very accommodating in a great way. I like the versatility of Steelite and what they have to offer.”

## Recommendations The Steelite Experience

### Michael Vitiello Owner / Chef • Ristorante MV • Bernardsville, NJ

“The dining experience has many factors. To make it more than just an experience and make it a memorable one, theatre and details are a key factor; WE PRIDE OURSELVES ON THAT. Ristorante MV is an evolution from our roots in Brooklyn, NY, as a classical Italian restaurant, to a destination in New Jersey that many people wait months to experience. High-quality products and spirits are essential and showcased by the vessel. When we built MV, the glasses we used were very important to us. A drink does more than get you buzzed; it puts on a show. Working with Steelite, they helped us find glasses that opened the curtain to MV’s cocktail program. From Steelite’s elaborate collection, we selected glasses that are made in Italy. We take pride in representing our culture, and these glasses allow us to do so with every drink we PROUDLY serve.”

**Shelby Farrell Chef De Cuisine • Four Flamingos in the Hyatt Regency Grand Cypress Resort • Orlando, FL**

“My affinity for Steelite began when I first participated in culinary competitions. I came to appreciate the art of picking the perfect dish and how pairing food and a plate could be pivotal in the final experience, like traditional high art, where the frame one chooses requires as much thought and consideration as the artwork. Steelite has and always will provide me with the perfect framework to add that “je ne sais quoi” that elevates my food to the next level.”

Recommendations **The Steelite Experience**

**Anthony Mossa Executive Chef • Calle Sol Latin Café & Cevicheria • Charlotte, NC • FS Food Group**

“Calle Sol is a café that specializes in the perfect blend of Cuban & Latin cuisine. I used the say that our plates looked like doilies, but I have grown to love them. The more people talk about our food and their experience with Peruvian cuisine, the more it reminds them of their grandmother’s cooking; and the plates help make that connection. The platform we are serving our food on looks like your grandmother’s china, so it’s nostalgic and creates an opportunity to remember your loved ones, and I think that’s really cool.”

**Marc Jacksina Executive Chef • Little Mama's Italian • Charlotte, NC • FS Food Group**

"Little Mama's is an Italian American Restaurant owned & operated by FS Food Group. We pride ourselves on authenticity, so using a plate that's in harmony with the food creates the perfect partnership. The dining room has a traditional feel, and that's what we wanted our plates to represent. The Homer Laughlin plates are the perfect thickness, and they maintain the proper temperature of our hot & cold foods. The thing I like most about the food here is that it creates a sense of community where people come together and enjoy quality Italian food; and I can't imagine the spaghetti & meatballs looking any more perfect than in the bowl that we have from Steelite. The Owner, Frank Scibelli, has been a longtime lover of Homer Laughlin China, and when Steelite purchased the company, it opened the opportunity to expand and look for new dinnerware ideas. Having plates that match our newly designed menus and knowing you have access to a vast portfolio of plates makes our lives and the creative process so much better."

## Recommendations The Steelite Experience

**Duane Nutter** Chef • **Reggie Washington** Partner • **Greg Best** Partner • **Southern National** • Atlanta, GA

Chef Duane Nutter, "The main reason I keep using Steelite is because of its durability. Some pieces can be elegant, and some pieces can be used every day, but still have a slice of sophistication to them. Steelite can cover that lane, if you want to be fast casual, or super fine dining, you can find it all under one roof." Reggie Washington adds, "Their quality glassware really made the cocktails stand out, while all the plates & flatware elevated my mind on proper tableware. I was blown away by the choices in the catalog, and how much of a difference the products made to the dining experience we wanted."

**Greg Best Owner / Head Bar Keep • Ticonderoga Club • Atlanta, GA**

“Ticonderoga Club, or TC, is an intimate little tavern that delivers unbelievable food and fantastic cocktails, all in a very unassuming casual environment with happy vibes. What I cherish most about Steelite is the creativity and innovation that’s always in play in their glassware & tabletop settings. When you walk into TC and look behind our bar, you see shelves of glassware instead of liquor bottles. Steelite gives us that ability because of the wide diversity in the portfolio and the beauty of each individual piece. And what’s wonderful about the plates and the other tabletop, it’s the same deal. When you eat food off a Steelite plate you are immediately reminded of the quality level and of the care that was taken, not just in the food, but the presentation piece of the food that is being put before you – and that matters to us. Every detail matters.”

## Recommendations The Steelite Experience

### Darryl Smith Corporate Executive Chef • Copeland's • New Orleans, LA

"At Copeland's, it is important to find plating to honor the legacy and rich flavors of Creole cuisine. For our 40th Anniversary, we decided to do a complete brand refresh. This included logos, uniform changes, restaurant remodels, glassware, plating and more. After extensive industry experience and reviewing various brands, we opted for Steelite as our preferred choice for elevated plating. The vibrant colors and design not only elevate the presentation but perfectly complement the flavors in our Creole dishes. The brightness it brings to our tables adds an extra layer of excitement, enhancing the dining experience for our guests. Steelite has truly captured the essence of our cuisine and made our anniversary celebrations even more special."

**Eric Ivy Chef De Cuisine • Emeril's Brasserie • New Orleans, LA**

"Emeril's Brasserie is a family-friendly restaurant located inside of Caesars New Orleans. I think that Steelite is beautiful, and most of the plates have their own design, which makes the dishes look better. I really like the variety that Steelite offers; we have some plates that are matte, some with designs, some that are textured, but all of which help elevate the food. And the durability is unmatched. It's nice to have a different plate for each dish, so each plate goes on an individual station and the cooks know exactly what they need. Plus, they hold up much better to the heat. The GenWare is spectacular, it can go into a 500-degree oven, get washed, come out, and it still looks brand new."

Recommendations **The Steelite Experience**

**Phil Siudak** Owner & **Soo Ahn** Executive Chef / Owner • **Adalina** • **Chicago, IL**

Phil Siudak expresses, “Adalina is a modern, chef-inspired Italian restaurant located in Gold Coast of Chicago. We’ve used Steelite here since day one and it has been a very wise move on our part. The capability of the team to design what we want has been impeccable, while the durability of the plateware, glassware, and flatware is second to none. The accessibility of going to the showroom right away is a key part to our partnership, and it’s great to work with the team.” Chef Soo Ahn adds, “We all eat with our eyes, and having the correct plate for each dish is very vital to bringing the dish together. Steelite offers a lot of variation so we can select the perfect plate for each dish.”

**Michael Gulotta** Executive Chef / Partner • Tana • New Orleans, LA

"I have a long and illustrious relationship with Steelite. The most amazing part for me is the personal relationships I've formed. They have always been really good at making sure I have what I need to be successful, and the timelines are incredibly short and Steelite understands that. I also choose Steelite for the quality of their products. They always work hard to produce new designs that are more and more beautiful, and they're durable. Plus, they stack! When you're running a busy kitchen, it's so important that plates stack, and the fact that they lock in place is a game changer. And now at Tana, we use their glassware as well - it's elegant, durable and doesn't break."

Recommendations **The Steelite Experience**

**Jaysen Euler** Chief Operating Officer • **Scott Harris Hospitality** • Chicago, IL

"My relationship with Steelite is over a decade long, and over the last few years, it has blossomed into a great partnership. Having more than 7 restaurant concepts in the Chicago area, we use Steelite dinnerware, glass, and flatware in all of them. They take my crazy, out of the box ideas and bring them the life. It feels like family. We go into their showroom, pull things off the walls, and create table setups for new concepts. They do a great job with customization and integrating different colors on their plates & glassware, and we trust them to create our ideas completely from scratch. With Steelite, the possibilities are endless and considering all the brands they encompass, you can create the perfect concept from start to finish without having to go anywhere else."

**Jeremy Tannehill** Vice President of Food & Beverage, DineAmic Hospitality • **Fioretta** • **Chicago, IL**

"Fioretta, meaning little flower, is the newest addition to DineAmic Hospitality portfolio, where Chicago steakhouse meets Old-World Italian. This beautiful restaurant is all wood burning, which brings a different layer to everything it touches. Not only do we want the best beef, and the freshest vegetables, but we want to put it on beautiful plateware and glassware. For me, Steelite is the Cadillac of plateware. You look under a plate every time you go to a restaurant and you see Steelite. Our company has grown to pay a lot of attention to detail, and it was a natural evolution to find such good craftsmanship with Steelite. They have a very high bar with what they use and the people they work with, and it was a fit that just made sense. Our custom plates with the Fioretta logo are beautiful, and they sit at every seat. We wanted this plate to be special since it's the first thing you see when you sit down."

## Recommendations The Steelite Experience

### Donald Walker Executive Chef • Nisos Prime • Chicago, IL

“Steelite offers a diverse selection which has resulted in fun and creative plating opportunities for me at Nisos Prime, ranging from our bone in filet and king crab merus, to our homemade pasta. I’ve been working with Steelite for more than a decade, and their outstanding customer service and support make collaborating with both the representatives and their products a genuine pleasure. Steelite has an amazing variety, durability, and aesthetic appeal that never fail to impress. The brand truly does offer something for everyone. The quality of Steelite’s products are instrumental in presenting visually appealing dishes to our guests, allowing us to showcase the excellence of Nisos Prime.”

**Salvatore "Sal" Lo Cascio Pizzaiolo, Ballyhoo Hospitality • DeNucci's • Chicago, IL**

"I was born into a simple family where cooking was an everyday thing, the food was always made with simple, fresh ingredients. At DeNucci's, we are very old-school Italian, and the Steelite plates help us embrace that concept. The first time I saw the Steelite plates, I fell in love immediately. People eat with their eyes and the plates are the perfect match with the food we are making here. They're very traditional and remind me of what it was like at home when I was a kid. The silverware, the glasses, and the plates remind me of the flavors and bring back fond memories. We're not just plating on any plate, we chose these Steelite plates because we want to bring the old ambiance and memories to our guests. DeNucci's is not only known for good food and experiences, but also for our hospitality. The most important thing when our guests walk into the restaurant is a warm welcome, good food, and generosity. We chose these plates to represent that."

**Hsing Chen** Chef/Owner, Eat Well Hospitality • **Asador Bastian** • **Chicago, IL**

“The restaurant group, Eat Well, was founded by my husband and I, and we have two small restaurants, Asador Bastian & Andros Taverna. I grew up in a family that was always centered around food. The cuisine at Asador is inspired by the Basque Region of Spain. I love that we feature the best steaks that we can find from all over the country, and we source the best seafood from Europe and local areas. I remember when we opened our first restaurant in the middle of a global pandemic, Steelite was very supportive and treated us with kindness. They were so supportive as if they were working with a huge restaurant group, but as a small business, we still received the same type of treatment. When opening a restaurant there are so many things to worry about and always a lot of things to coordinate, but when working with Steelite, everything is so organized, they work with our timelines, and it’s never a concern if our flatware and plates will be here on time.”

**Doug Psaltis** Chef/Owner, Eat Well Hospitality • **Andros Taverna** • Chicago, IL

"The cuisine at Taverna is straightforward Greek; it's homey, and we have some great recipes from my grandmother that chased the nostalgic flavor profile, as fresh as can be, and healthy. Every time I'm looking for new plates, new ideas, and working on new concepts, it always starts with the plateware, stemware, and flatware. We're fortunate to have the National Restaurant Show here in Chicago every year, and I'm always back to Steelite. It's my first stop and last stop for anything I'm creating. The Steelite plates frame our work. It's important that we're honest, intentional and transparent, and the plateware, flatware, and stemware have the same characteristics that help us tell that story. I couldn't pick a better partner to work with."

### Smooth, modern lines provide a dramatic tabletop statement

Offering a modern departure from the traditional table setting, Sheer takes geometric design to new levels. Cool and contemporary in style, Metro looks equally stunning with its softly rounded corners and curved edges. An ideal complement to the modern ranges of Sheer and Metro, Neo offers a smooth, refreshing take on traditional shape and design. Likewise, Contour offers a truly individual presentation, with seamless lines and a modern twist on round plateware.

### A daring pattern for a dramatic presentation

Koto, one of Steelite International's most unique ranges, was designed in collaboration with world renowned chef, David Kinch. The inspiration was drawn from ancient Japanese Tenmoku Glazes. These beautiful glazes vary subtly in texture and tone from piece to piece, embodying the craft of the traditional potter. The pieces are hand finished with a rich iron red glaze, which interacts in the kiln to produce a warm, organic, lustrous effect. The deep black textured surface allows food to be perfectly framed, adding drama and contrast to your presentation.

### Minimalist design, intriguing opportunity

Asteria's pristine white surface allows a chef's creativity to shine unimpeded while the deep black band frames the presentation and draws attention to the central focus, the food. Its rimless profile offers intrigue and maximizes the plating area, allowing the elements of each dish to breathe. Designed & created on the robust Steelite alumina-vitrified body, Asteria is sure to withstand the rigors of foodservice.

### Beautifully fractured linear patterns

Crackle patterns have a long and distinguished history going back many years. Crackling occurs when the glaze contracts on the surface of the clay body, causing it to fracture into beautiful linear patterns, covering the entire surface of the glazed piece. Available in Crackle Black and Crackle Grey, Ink will add texture and color to casual and contemporary food presentations, and is aesthetically compatible with both plain white and many of our craft inspired ranges.

## Heightened senses, amplified presentation

Urban appeals to a sharper, city aesthetic where food is still tied to the traditional values of honesty, integrity and authenticity, but requires a slightly more formal, more defined and refined presentation style. Emulating a concrete look, Smoke is a collection of tableware that takes its inspiration from the aesthetics associated with the act of cooking. The subtle and nuanced tones of grey contrast with the darker reactive elements to mirror the effects of browning and searing, creating a connection between the food and the plate.

### The original Craft

Craft is inspired by hand-crafted, simple country wares made by generations of potters over hundreds of years. The range embodies the beauty of rich, lustrous glazes applied by hand, and celebrates chance effects and reactions which occur naturally in the kiln. The gem-like glazes married to simple forms and shapes produce a unique and individual appearance, giving Craft a rustic “joie de vivre.”

### Inspiring individuality & eclecticism

When it was introduced into the hospitality markets around the world over twelve years ago, the Craft range was the first to define what the look and feel of the ultimate artisan inspired range should be. Craft was designed to tug at the heartstrings by provoking an emotional response to food from both chef and diner. Drawing upon centuries of craftsman heritage for inspiration and fusing this with the very best glaze and manufacturing technologies, Craft is a product that looks beautiful with all food types, yet is tough and durable in use in very busy modern restaurants.

*The Craft range has grown to encompass several colors over the years. It was conceived from the start to be sympathetic with long-term trends including heritage, authenticity, hand craftsmanship, individuality and eclecticism and these are as important now as they were back then.*

### Upbeat canvas for any tabletop

The Craft Collection creates an eye-catching presentation every time. Embodying the beauty of rich, lustrous glazes applied by hand, Steelite is pleased to introduce Craft Aqua. Visually appealing, this color will bring an upbeat tone to any setting and coordinates beautifully with Craft White, offering a natural coastal theme.

### Crisp, timeless, and elegant styling

Bead defines a classic approach to dining, one which embodies best practice for back of house ease-of-use while delivering beautifully presented dishes to delighted diners. This range consists of two elements: Bead and Bead Accents, which can be mixed for a personalized collection. A classic linear design is carried across the main collection of Bead items, while the Bead Accents component offers an alternative decorative style to key presentation items alongside the classic iteration. The Bead Accents decoration provides a contemporary element that adds texture and visual excitement.

### Simple, yet sophisticated

The Nordic region has become synonymous with a chef's skill in utilizing the very best local ingredients to develop a dish, and then presenting them in a sympathetic and contemporary manner. Such an important culinary aesthetic deserves its own platform and the Nordic range encompasses these shared design values. The simple yet sophisticated plate profile allows the chef space to present dishes that can 'breathe' while simultaneously being framed by a deep, gently curving rim. The result is a beautiful surface to showcase some of the most innovative and influential cuisine.

Responding to a revival in authentic cuisine and traditional menus, Steelite presents the Terramesa collection. Combining warm, rustic style with practicality, each piece is decorated with a selection of craft-inspired shades; Mocha, Mustard, Wheat or Olive. Atelier ☆☆☆☆

### “In praise of shadows” ~Jun’ichiro Tanizaki

Atelier: the name evokes the hand of craftsmen and the tradition of artisanal fabrication. The realization of this fluid optical design was through the collaboration with artisans, who hand carved the models for each piece. The calculation of the embossment and the glazing produces an effect of ebbing water in the tide pools. Designed with fine dining in mind, the lightness in weight and porcelain color speak of quality and craftsmanship. “Atelier is inspired by nature, light and shadows. I was reminded of the days by the sea, watching the changes in the sand & pools of water brought by the ebb & flow of the tides. The element of water in motion.” ~ Rene Ozorio

### Thoughtfully composed, creatively Ozorio

Classic, yet contemporary porcelain, the Sonata collection's embossment is a delicate note which complements the strong direction of the shapes. A welcome departure from the formal "nouvelle" and "fusion" cuisine of the past, Sonata's sophisticated embossment of radiant lines centers the visual focus on the well of each plate and bowl, placing emphasis on the cuisine being served.

**Manufactured in Portugal, known for beautifully glazed stoneware**

Reminiscent of the dramatic landscapes and natural beauty of the Azores Islands of Portugal, the Folio Azores collection is comprised of tastefully organic stoneware. With graceful yet irregular shaped edges, Azores emulates the look of authentic, hand-thrown stoneware, designed specifically for casual dining and small bites. The reactive hand-applied glaze colors, are aptly named and inspired by the harmonious scenery of their namesake islands: Costa (white coast), Mar (blue sea), Ocaso (pink sunset), and Caldeira (black volcano).

### Handmade & organic appeal

Forager by Robert Gordon is designed with a carefully applied reactive glaze that free-flows over each shape to create a unique finish that is different on every piece. Featuring an unglazed bottom, this collection highlights the richness of raw materials through exposed stoneware and offers a handmade & organic appeal. From the creator himself, Robert “Andy” Gordon, he compares the signature tray design to “tree bark once used to gather things such as forage seeds, berries, and roots for the forest”, hence its namesake, Forager. Unlike any other, these enduring & functional shapes are finished with a stamp of Andy’s handwritten signature and will enhance any foodservice presentation.

### Natural & eclectic

The Adelaide Collection from Robert Gordon consists of a reactive glaze finish on embossed porcelain wares. Birch, with its crackled glaze effect is fired three times in order to achieve the glossy translucent, creamy white color with the natural clay body showing underneath. Brown reactive glaze edges and embossments create an incredible color contrast, ultimately framing the food presentation.

# Off Grid Studio

## Authentic stoneware

Gembrook, a creation by Potter Sam Gordon, pays homage to his 'off grid' lifestyle in the outskirts of Australia. Embracing their Off Grid lifestyle, Sam and his wife, Carrie, along with their three children, live on an off-the-grid property that borders a national park. It is here where his studio stands and where Sam draws on his inspiration in making his creations.

Embodying the organic nature of clay with its unique craftsmanship, Gembrook replicates the look and feel of hand-thrown stoneware and is a remarkable fusion of form & function, featuring a fully vitrified clay body and decorated with a reactive glaze.

- Hand-glazed stoneware
- Fully vitrified for added strength
- Contains everything needed for a complete tabletop

OFF GRID STUDIO

**Constructed to be admired aesthetically**

## The essence of hand-thrown stoneware

Gembrook consists of two colors, creamy white and deep gray, where each item is decorated with a sheer white, hand-applied glaze, allowing the beauty of the clay to show through. The bottom of each piece and small portions of the top are unglazed, to authenticate where the potter would hold each piece while glazing, resulting in double dips, drips, and exposed clay lending to its hand-thrown authenticity. Meanwhile, a handful of pieces flaunt a distinct indent, which mimics the thumb mark of the potter and creates a conversation piece for diners.

## Rolled Edge & Narrow Rim ☆☆☆

### A nostalgic casual dining favorite

Much-loved foodservice industry for decades, Rolled Edge & Narrow Rim is classic ivory dinnerware with a traditional appeal for most tabletop environments. Rolled Edge features a wide, food-framing rim and an appealing ivory finish. Bringing its own strikingly nostalgic charm to the table, Narrow Rim features a deep well which provides ample plating space for more generous portions and sauce-based entrées. The smaller rim also magnifies plating space and lends the impression of a more fulfilling portion, saving you precious tabletop real estate without sacrificing portion size. The Alumina body offers exceptional durability and resists scratches, chipping, and center-plate impact. Its superior heat retention ensures that food will stay warm from the kitchen throughout the meal.

## Maximize your plating area

FlipSide is a collection of coupé shapes with an embossed rib design that accents both the inside and outside of each piece. While the embossments around the inside of the rim help frame the food, the embossments on the exterior provide a unique & natural grip for holding onto. The modern coupé shapes maximize the plating area, with rims that come up high enough to contain sauced presentations.

### Serve with continental flair

Inspired by the dramatic and graceful pointed arches of the great European cathedrals, this traditional dinnerware lends timeless elegance to dining tabletops and interiors. Gothic® features a subtle lattice sculptured rim motif, evoking the enduring architecture of some of the most breathtaking structures in the world. Gothic enhances food presentation with its graceful lines and mirror-like finish in a high-fire glaze. Destined for the fashionably elegant dining experience, Gothic presents a thin profile, yet is highly durable and abrasion-resistant. A medium depth well contains sauces, and Gothic's lattice sculpturing on the rim provides beautiful food framing.

Fiesta ☆☆☆

### An American icon™

One of the most collected dinnerware products in the world, the Fiesta® line was designed by Frederick Hurten Rhead and introduced to the American public by The Homer Laughlin China Company® in 1936. A.V. Bleininger brought the bright hues to the forefront, further popularizing the line. Introduced initially in just five colors, Fiesta was an unprecedented sensation. Today, Fiesta continues to add unparalleled character and vibrance to every table. Eleven bold colors complement each other beautifully and can be mixed and matched with different shapes to ramp up or dial down the color range to suit your unique presentation or culinary whims. Fiesta's classic—and now famous—Art Deco design, with its concentric rings and stunning colors, making it the quintessential statement of retro American style.

## Brillante

### Light reflects on the diamond details

The design of Brillante is inspired by traditional diamond carving, creating a band of 'brilliants' around the glass that enhance the luster of the Eco-Crystal. Both elegant and timeless in its design, these RCR tumblers are a great choice for beverages served on the rocks.

### Serving up cultural food trends

While hot pots have been an essential part of the Chinese dining culture for centuries, this unique concept has become a fast-growing restaurant food trend. The large hot pot is divided into 2-quart sections, allowing for two different broths to be simmering in the same vessel, while the small 1.6 quart hot pot is the perfect size for a small tabletop. Both sizes can be used with optional heat element bases or on induction cooking surfaces for the operators convenience.

## Care & Use Of Hollowick Lamps

### Globes

Keep Hollowick globes sparkling clean by regularly handwashing them with warm water and mild detergent. Note: commercial dishwashing detergents may spot or dull fired-on colors.

### Bases/lamps

Hollowick lamp bases are coated with finishes that protect and enhance the beauty of the lamps. Metal and wood bases should be cleaned with a spray furniture wax. This leaves a protective shine and allows for easy cleaning in the future. Resin and glass bases should be cleaned with a damp cloth and mild detergent.

### Breakage due to thermal shock

Breakage and cracking are commonly experienced when traditional Wax tealights and votives are used in glass table lamps; especially with thicker glass lamps and globes. For this reason, Hollowick Lamps are not recommended for use with wax tealights and votives. The use of the proper Hollowick Liquid Candle will resolve this issue.

### Note:

Do NOT put any Hollowick lamp, base or globe in a dishwasher.
