2025

Tyler Florence
CHEF, AUTHOR, FOOD NETWORK STAR

Welcome to the Pinnacle of Cookware

*Developed by chefs. Handcrafted in Italy.
Explore the next level of culinary performance.*

Here at Hestan, we are on a constant pursuit of culinary innovation to bring you the best cookware that money can buy. We work meticulously with Michelin star chefs to engineer features that elevate the cooking experience in every way. It's no wonder we are the top cookware brand used and preferred by professional kitchens.

Each collection of Hestan cookware delivers revolutionary culinary performance with innovative design and remarkable materials to complement any cooking style with striking beauty and unmatched innovation, backed by 14 global patents; you can't fake quality. That's why every product is meticulously handcrafted in our own factories to meet the highest standards of fit and finish. Hestan cookware not only cooks beautifully – but will still look beautiful for years to come.

 HESTAN

The Hestan Advantages

Greater Heat Conductivity

NanoBond, ProBond, and Thomas Keller Insignia's ProCore™ aluminum heats 35% faster than typical clad cookware.

Sealed Rims

NanoBond, ProBond and Thomas Keller Insignia's rims are sealed to prevent delamination and separation.

Flush Rivets

Chef-inspired flush rivets prevent food build up, and allow for nesting for easy storage.

Ergonomic Handle

French-inspired ergonomic handle rests easily in the hand for greater comfort and total control.

Optimized For Induction

A wider base creates a larger, sleeker surface to initiate better contact with induction cooktops.

Flared Rims

Flared rims allow for drip-free pouring.

Superior Pan Geometry

Thoughtful design gives our skillets and saucepans 20% more cooking surface area than competitors.

Durable Nonstick

Made without PFOA, reinforced with diamonds and titanium, our TITUM nonstick finish is 22x more durable than typical nonstick.

Made In Italy

Backed by a lifetime warranty and built in our own factories to the highest standards of fit and finish.

A Constant Pursuit of Culinary Perfection

Just like anything in the kitchen, to create exceptional cookware, you must begin with exceptional ingredients. That begins with our high-quality materials like molecular titanium, 18/10 stainless steel and pure copper. The skill and artistry of our craftsmen are also vital ingredients. Their stunning attention to detail is the only way to create cookware to our standards of performance and aesthetics. Simply put, no other cookware meets the thresholds for quality and construction.

Hestan Factories

We collaborated with some of the world's greatest chefs to design our cookware. Then we built our own cookware factories in Italy so we could work with the world's greatest craftsmen. We don't just own the factories, we own the entire manufacturing process from design to construction to shipping. That is the only way to ensure our standards of quality.

Award Winning Cookware

We are proud to be the most award-winning cookware brand with accolades from prestigious publications such as Good Housekeeping, Red Dot, Bon Appétit and more. We work painstakingly hard to ensure we only provide the highest quality cookware available anywhere.

NANOBOND®
MOLECULAR TITANIUM

NanoBond, our flagship collection that holds 14 patents, is the first innovation to stainless steel cookware in 110 years. Its revolutionary cooking surface is 400% harder than typical stainless steel cookware. Thousands of titanium nanolayers protect your cookware from stains and scratches — ensuring a lifetime of beauty. You'll find NanoBond's molecular titanium gleam in acclaimed kitchens across America. Its incredible durability coupled with incomparable heat conduction deliver reliable performance dish after dish.

NanoBond cookware stands for high performance, durability, and lasting beauty.

Chef Tyler Florence

- 400% stronger than typical stainless steel cookware
- Exclusive aluminum ProCore™ delivers 35% greater heat conductivity

COPPERBOND®
INDUCTION COPPER

CopperBond takes the pinnacle of culinary performance to an even higher level with a line of copper cookware that can withstand the rigors of chef usage without the maddening maintenance. A pure copper core protected by 5-layer construction delivers exceptional conductivity, while the wraparound stainless steel base also allows for phenomenal induction cooking — a first for copper cookware.

- Five-ply 100% pure copper core construction delivers optimal heat conduction and control
- Nonreactive stainless steel cooking surface makes it easy to clean for a modern aesthetic
- Wraparound stainless steel base is magnetic for induction optimization
- Oven and broiler safe to 600°F
- Handcrafted in Italy with a lifetime warranty

PROBOND®

PROFESSIONAL CLAD STAINLESS STEEL

Affordable luxury for the everyday chef, ProBond Professional Clad Stainless Steel marries the heavy-duty resilience of cold forged steel with the performance of stainless. Our cold forging process provides a thicker base for even heat distribution, thinner side walls for lighter weight and thicker rims for increased durability. It not only delivers the conduction and control to master new dishes, ProBond will look beautiful for years (and recipes) to come.

- Innovative cold forging process provides a thicker base for even heat distribution, thinner side walls for lighter weight and thicker rims for increased durability
- Exclusive ProCore™ delivers 35% greater heat conduction than typical clad cookware
- Oven and broiler safe to 600°F
- Sealed rims make the cookware dishwasher safe for a lifetime of cooking
- Brushed finish
- Optimized for induction
- Handcrafted in Italy with a lifetime warranty

PROVISIONS™ CLASSIC CLAD ROASTERS & AU GRATINS

Hestan Provisions offer chef-inspired, durable tools essential for any kitchen, combining exceptional craftsmanship with long-lasting performance. The Classic Roasters and Au Gratins feature bonded three-ply construction with a conductive aluminum core for even heat distribution, and easy-to-clean flush rivets. These roasters are ideal for everyday cooking and entertaining, perfectly complementing any Hestan cookware collection. Our Provisions Roasters, crafted in Thailand, offer the same exceptional quality and craftsmanship as our Italian-made products.

- Stainless steel roasters are oven and broiler safe up to 600°F, and our nonstick roasters are safe up to 500°F
- Specially constructed design is engineered to be warp-resistant
- Flush rivets for easy cleaning

- Tri-ply clad construction with an aluminum core for optimal roasting
- Ergonomic handles durably fitted for easy oven-to-stovetop cooking

 **HESTAN**
COMMERCIAL

Designed and built in Anaheim, California and renowned for award-winning commercial equipment, Hestan was born in America's most acclaimed restaurants. We worked alongside chefs to reinvent the kitchen with award-winning innovation, power and performance.

Chef Corey Lee
BENU, SAN FRANCISCO

Hestan Vineyards, located on Napa Valley's eastern slopes, is a sustainably farmed estate producing award-winning wines.

Founded by Stanley and Helen Cheng, the vineyard reflects their passion for culinary excellence and innovation. The 110 acre property features a variety of grape varietals, including Cabernet Sauvignon and Chardonnay, crafted by renowned winemakers Jeff Gaffner and Thomas Rivers Brown.

Together, they create limited-release wines that embody the character of Napa Valley. The estate is also 100% solar-powered, reinforcing the Chengs' commitment to environmental stewardship.

hestanvineyards.com

Hestan brings chef-proven performance to the home with unmatched power, precise control, and innovative technology.

Our expertly-engineered line includes appliances and grills — all designed and crafted in Anaheim, California.
